Application

Application name

I acknowledge: My application will be dismissed if it does not fit within STF's scope of work or if it is incomplete.

I acknowledge: Funding is denied if other grants are applied for from other public bodies for the same purpose (exclusion of duplicate funding).

I acknowledge: I am legally able to sign contracts for this project or represent an organization that can.

I acknowledge: All code and documentation to be supported must be licensed such that it may be freely reusable, changeable and redistributable

Project title

May be identical with application name

Describe your project in a sentence.

100 words

Describe your project more in-depths. Why is it critical?

300 words

Link to project repository

Link to project website

Please provide a brief overview over your project's dependencies, including your own dependencies and projects that rely on your technology.

300 words

Which target groups does your project address (who are its users?) and how do they benefit from the funding (directly and indirectly)?

300
words

How was the work on the project made possible so far (structurally, financially, including volunteer work)? If applicable, list others sources of funding that you applied for and/or received.

300
words

What do you plan to implement with the support from STF?

900 words

Please describe your objectives and the corresponding activities. State clearly how they contribute to the improvement or maintenance of the technology, especially with regard to security and resilience.

How many days do you estimate for these activities?

1 day is 8 hours of work per person. You can only enter a number in this field.

What is the amount of funding you are requesting, approximately?

- 150.000-250.000€
- 250.000-500.000€
- 500.000-800.000€
- >800.000€

If you can estimate a more concrete funding amount, please enter it here (numbers only) (optional)

In what timeframe will you perform the activities?

Please make an estimate between 3-18 months (enter number only)

Who (maintainer, contributor, organization) would be most qualified to implement this work/receive the support and why?

300
words

Your name/handle

Link to your profile (optional)

(e.g. your GitHub profile)

What is your role in this project?

- Maintainer
- Contributor
- Fundraiser
- Fiscal host
- Other

Country and state of residence
